1988: A Class Of A Different Color

A "Class of a Different Color": the Seniors. We have always been a class who has had a great amount of spirit and enthusiasm toward each other and our school. We established many new attitudes: being smart and straight is now cool, coming to dances is fun, and supporting our athletic teams is exciting. We put a great amount of energy into our yearbook, trying to get it out on time and make it more interesting. Most importantly, we have been a friendly class. There are a few small "groups" and even these mesh together. We have enjoyed many times with each other and with friends who are underclassmen. Yes, there is a strong bond within our class; within our school. We truly are a class of a different color!

The Sophomore clan!

Tammy Shearer and Sharon Rivet. The best of friends.

Come on, Juniors, do the locomotion!

Student body supporting our football team.

A wild and crazy lunch period.

Mrs. Neville's birthday party our sophomore year.

Scott Ewell, Scott Sulda, Brad Richotte, and Curt Neill at one of Bim's pool parties.

Robyn Gerrish and Sue Sirum are happy freshmen.

Shelly Gove, Beth Shaw, and Ange Parda enjoy a certain teacher's prep room.

Remember When . . .

Everyone does things that people will never forget. As a class, the Seniors have shared memories that will never be forgotten.

Remember:

When Angela Parda set off the fire alarm in 6th grade at Sheffield (by accident?)?

Mrs. Neville's candy store in her prep room?

Our Junior float that no one could figure out what it was? (Mr. O in a shoe)

Bim's pool parties for the entire class and more? "Have some of that"?

Our first lunch in 7th grade choosing chocolate milk and no more styrofoam trays?

Riding 3-speeds through deserts on Nantucket looking for ticks?

The suspense of waiting to see your first Driver's Ed. movie?

Square dancing at Nature's Classroom in 5th grade and singing "Oh Ram, Sam, Sam" and "On The Loose."?

Mrs. Robinson's annual talks about personal hygiene (girls only)?

A certain group of guys winning the talent show in 8th grade as Ozzy Osbourne?

Mr. Harvey's (George Washington) black and white movies at Sheffield on every holiday?

When the guys all danced in their tuxes at the end of the Junior Prom?

Mrs. Neville's beautifully decorated birthday cake our Sophomore year?

When Robyn and Jen Thomas almost blew up the school in chem (and got suspended)?

When our class defeated the Class of '86 in the Powder Puff football game in the ice and sleet?

Being almost undefeated for winning the Spirit Award every year until our Junior year?

The 6th grade play of the "Gumdrop Dragon" with Miss Couture?

Playing Huckle Buckle Beanstalk with Ms. Cassidy?

Tee-ball?

Being sold "elevator passes" in 7th grade?

When Sue Sirum nailed Bambi with her car on Route 47?

The most popular recess games at Sheffield were kicker and jump rope?

How close the Class of '88 was to each other during four years of high school?

Booster Day '87
Blue & White And Psyched All Over

Never before have the humdrum walls of Turners Falls High been overflowing with school spirit and pride than on Booster Day '87. One can neither put into words, nor forget all the enthusiasm and emotion of this year's Booster Day. Every hall was decorated, and every other student was dressed in blue and white, as a "nerd," a "Geek," a "beach bum," or in their pajamas. All the faculty and students agree that the pre-game rally was the best one Turners Falls has ever had. The in-school rally was also very emotional with the announcement of Janice Radzuik and Ron Rowe as our queen and king. The theme of the floats this year was "breakfast cereals," and the sophomores walked away with first place for their "Circus Fun" float. For the first time ever, the Spirit Award was judged not only by participation at the rally, but by who had the most spirit all week and all Booster Day weekend. The Senior Class was given the Spirit Award, but everyone feels that each class should be recognized for their outstanding participation in Booster Day '87.

Evie Casey marches proudly in the band during the Booster Day parade.

Jim Brule did a fantastic job getting everyone psyched at the rally.

Gretchen Kovalsick shows her school spirit from head to toe.

The Sophomores are psyched following their victorious float.

"Snap, Crackle, Pop" here come the freshmen.

Generic brand cereal brought the Seniors a generic third place.

The Juniors sailed off to a second place finish with Captain Crunch.

The winning float was "Circus Fun" by the Sophomores.

The queen and king with their court; Janice Radzuik (queen), Ron Rowe (king), Sue Avery (duchess), Ken Burke (duke), Tracy Hanrahan (lady-in-waiting), Adrian Kuzontkoski (knight), Jodi Bastarache (princess), Dean Clark (prince).

The Booster Day football game was a hard-fought defensive battle, which ended in a 12-0 loss for Turners. The game was close throughout, with Mohawk scoring in less than a minute before half-time, and again in the last quarter. Mohawk's touchdowns came from a blocked punt and an interception. Not only was the game a heartbreaking loss for the players, but Coach Koldis also was injured on the sidelines. A Mohawk player was rushing for the sidelines and Coach Koldis was unable to move in time. Even though the team did not come through with a victory, everyone is still very proud of the players.

The Freshmen are getting psyched for the game.

Turkey Day
Green With Envy

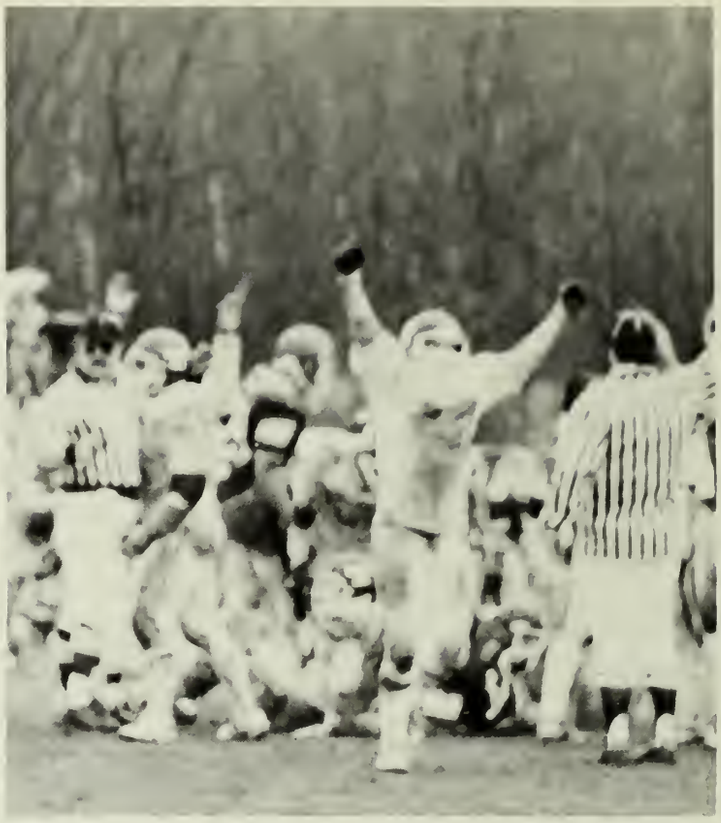
Thanksgiving at T.F.H.S. was not looked forward to! Turners was coming into the game winless and Greenfield, undefeated, was on their way to the Superbowl. Huge bets were placed against them, claiming Greenfield would score 40 points by half-time, and an article in the paper said that Turners wouldn't make it over the 50 yard line. Still, the Indians held their heads high and treated the game as a new season.

The game was played on a cold and rainy day, yet fans still showed to cheer on their teams. The scoreboard showed 22-0 at half-time, but Turners still played hard and allowed only 13 more points in the game. Greenfield left with a surprising 35-0 victory. They scored more points against many Suburban League teams.

Many players made terrific efforts. Bob Mosca led the offense with an amazing 40-yard run in the first half; he then caught a screen pass from Jason Dobosz to run for another 30 yards. He contributed defensively with an interception and many tackles. Tim Walsh was a key player defensively stopping many great runs with his strong tackles. He was helped by Torrey Scott and Shawn Morin.

John Putala put in a strong effort offensively and defensively. He and Jon Dobosz faced the Wave's defense to protect quarterback, Jason Dobosz. Dobosz connected on a couple of passes with George Carner, but the gain wasn't enough to score.

Turners was not ashamed of the game they played, and they headed off the field knowing they did the best they could.



Torrey Scott celebrating a fumble recovery.

Amy Ozdarski and Jen Thomas never gave up hope.

Tim Walsh thinking about his last senior football game.

Ed Baker struggling to stay inbounds.

Bob Mosca passing downfield.

Booster Days Past

When the Class of '88 looks back to the Booster Day's we've participated in, many joyful memories come to mind. The Seniors will never forget the tedious hours of napkin-making, the nerve-racking construction of our floats, and marching behind them with pride during the parade. Although none of us were mechanical geniuses, we always managed to have fun putting our floats together. Everyone remembers our Freshmen year when about 50 people couldn't wait to get their chance to build Mr. T, and our Senior year when 7 people showed up to tie-dye t-shirts instead of making flowers. One way or another, we always got our float from Unity Park to the high school in one piece, even if people had no idea what our float depicted — our Junior year (Mr. O in a shoe?). It doesn't matter that our "Generic Cereal" float couldn't beat a bunch of circus animals our Senior year. Even though our floats never placed highly in the judges' eyes we will always remember how we won the Spirit Award every year except our Junior year. Now the Seniors can cherish the Booster Days we've shared together, and never have to worry about twisting another napkin again!

The T.F.H.S. Cheerleaders

Pep, precision, and personality: combine these with difficulty of stunts, jumps, and mounts, and you get Tournament Cheering. A sport many times overlooked. The cheerleaders compete against many other squads in a tournament. They perform a four-minute routine combining many different cheers. This year the T.F.H.S. squad spent many long practices finding perfect stunts, motions, and words to create an original, stunning tournament. They woke up early on Saturday mornings at 6:00 even when they felt like their feet were glued to the floor, and it was impossible to shout one single word. Still the time and dedication paid off when the cheerleaders took both the Spirit Award and Third Place in Division I of the Smith Acadamy Tournament.

Coming back to practice for the upcoming competition, the girls are working to improve from judges' comments and looking to better their scores and placing.

Tournament: Jennifer Hubert; JoAnne Tranghese; Capt., Kimmer Slauenwhite; Jennifer Strysko; Heather Lubold; Bobbie Beaubien; Capt., Amy Ozdarski; Capt., Jennifer Thomas; Cindy Deome; Charlotte Edwards; Kathi Holmes; Billie Beaubien; Tara Perkins; and Piper Schwarz, (not pictured).

Varsity Basketball: Cindy Deome, Nicole Letourneau, Charlotte Edwards, Bobbie Beaubien, Heather Lubold, Susan Osowski, Tara Perkins, Kathi Holmes, Billie Beaubien, Jennifer Strysko, Jennifer Hubert.

Pretty In Pink
Junior Prom '87

Silence filled the room as each person envisioned the perfect way to transform the U-Mass auditorium into an elegant ballroom. We were all striving for the same goal; to make our Junior Prom more special and exciting than any other in the history of our school. That was our dream, and there was a long road ahead of us.

We worked hard as a class raising money, planning, preparing, and decorating. With the outstanding support of our advisor, Mrs. Crofton, we were ready in time for May ninth.

Hundreds of balloons and streamers in an array of soft pastel colors filled the eyes of each boy and girl who entered the room. The similing faces of friends who looked more glamorous than ever, gleamed above all.

Everyone sat down to a delicious dinner of either prime rib or boneless chicken filet. While chatting and giggling, people finished their meals and were ready for the fun to begin. The band was ready to play, and everyone was ready to dance. Couples danced to the soft, sweet sounds of Cintilla. Friends rocked together on the dance floor to the more upbeat, rhythmic songs and no one was afraid to let go and be themselves.

"Never Say Goodbye" was our 1987 Prom theme, and like not wanting to say good-bye that night we will never want to say good-bye to our school . . .

Becky Moore, Sue Avery, and Tonia Carey are out on the town!

"Aren't we the cutest!" Evie Casey and Joe Bucci

Lisa Sabine and Janice Radzuik are enjoying every minute of it.

Jim Brule is always a sharply dressed man.

T.F.H.S. Brings Out Our True Colors

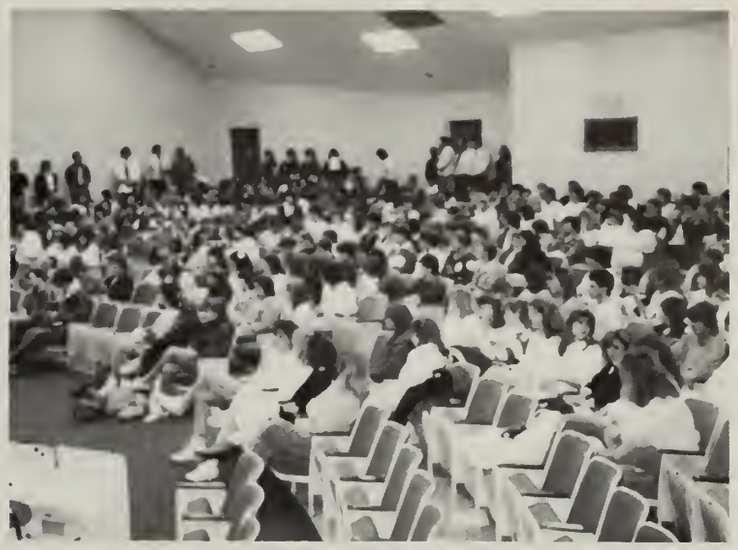
. . . and so, Turners Falls High School, we dedicate our 1988 yearbook to you. During the past six years, we've come to think of this school as a second home. A great deal of our lives was spent in these halls, in these classrooms and best of all with you. You've helped us grow to become ready to leave here with a sense of confidence in ourselves and in the town we came from. You helped bring back the pride in our school that has been missing — the pride that lets you hold up your head and say, "Yes, I'm from Turners!"

Everyone was a part in making our senior year the best possible school year that anyone could imagine. We have never felt closer to our teachers, administrators, and to all our friends. We worked together. We were cohesive. When the going got tough, we all stuck it out. Our class is now a whole. There has been a sense of unity established that makes this high school a great place in which to be a part.

You people will never fully realize just how big a role you have played in our lives. You are all special people and not one of you will be forgotten.

Thank you, Turners Falls for some of the best memories of our lives.

Mr. O'Riley is presented his "Johnny Carson" look-alike award by his secret Santa, Shawn McCabe.



Everyone enjoyed watching the faculty guess who their secret Santa was.

Senior togetherness . . .

Ron Rowe, Sharon Stachelek, Kyle Tompkins, and Tricia Dugre are always smiling in school.

Good As Gold

Mrs. Crofton

Carol Crofton has been the 1988 Class Advisor for our entire four years of high school. She has put much of her time into making our class successful and even more, our four years exciting. She has been our friend, and we never could have made it through without her.

Many fund-raisers were attempted, and most ended up successful only because Mrs. Crofton pushed everyone to turn in their money. We raised enough to put on a super prom, and there were no "big" last minute complications. We are now in the final stretch heading for graduation; and with only one last project, the class gift, we have enough money for something special and have many interesting ideas.

Without the leadership of Mrs. Crofton, we would have been in a slump. She is a super lady who deserves great recognition.

Mrs. Scott

The 1988 yearbook would probably not have been a book with out Mrs. Scott. She has been the ideal advisor, pushing us to meet deadlines when we really thought we had no chance. With her help we have created this book.

Even though it is her first year of experience at the job, she came on like an expert showing great leadership. With her business mind, she was able to initiate an effective advertising campaign and catch the smallest errors made by the yearbook committee and the Jostens Company.

The whole yearbook staff admires you, Mrs. Scott. We thank you for your help and understanding and wish you luck with your future yearbooks.

Faded Hues

1984-1985

Our FRESHMAN year! The first real year of high school. We began with a bang when we won the Spirit Award and Mr. T, our float tied for second. Our Lady in Waiting was Kim Morin and she was escorted by Scott Bruso. We had a car wash to start off our treasury and raised a small amount of cash. It was a year for adventure.

1985-1986

As SOPHOMORES we built Big Bird for our Booster Day float. Our Dutchess was Barb Pearson and she was escorted by John Putala. Most of the year was spent raising money for a trip to Nantucket with Mrs. Neville. We became so close and learned the best and most efficient ways to fundraise. The trip was a big success. Have some of that!

1986-1987

We were know as "THE JUNIORS" by everyone! Our Booster Day float was Mr. O. and well .... his ears were good so we tied for third. Gretchen Kovalsick became Princess and Scott Bruso was her Prince charming.

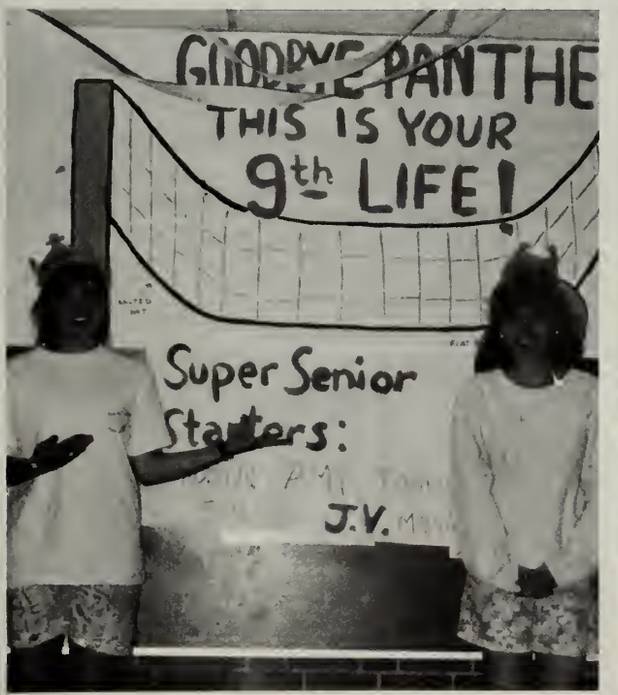
We sold calendars and gummi bears to raise money for the prom. Yes, the prom was an experience — one we won't forget!

1987-1988

Seniors we are. Senior privileges we have. The Spirit Award is ours — but we know we've got it anyway. Ron Rowe was our King and Janice Radzuik our Queen. Generic Cereal, our float, took third; but we were actually proud of that float.

Kim Morin and Scott Bruso:

Lady in Waiting and escort.



Robyn Gerrish and Amy Ozdarski helped lead the volleyball team to a State finalist match.

Little Carrie Bouthillier & Timmy Walsh in 9th grade.

We pitied the fools who messed with this group of freshmen.

Yearbook Staff

If you want to know what it's like to work on a yearbook and how people react under the pressures of deadlines, just think of a werewolf changing into a ferocious monster under the glow of a full moon. The only difference is instead of turning into monsters, we become zany people who walk around T.F.H.S. looking like we're in another world!

This year's yearbook staff had no previous experience. We learned through reading books and attending a summer convention. Mrs. Scott and four other students attended the three-day seminar at Bryant College. Jennifer Thomas (Editor-in-Chief), Ron Rowe (Layout Editor), Torrey Scott (Business Manager), and Amy Gardner all learned the concepts of yearbook production. With the help of a neat kid named Gedion Maheux, we discovered that we are a "Class of a Different Color" and decided to carry this as the theme for our yearbook. We had many great ideas, and we were ready to get started. We started by working on a huge advertisement campaign and raised the most money in T.F.H.S. history. We were able to have a colored senior section, another thing never done.

We put many hours into this book. One time we spent 24 hours straight! Boy, wasn't school fun the next day? Especially with a PHYSICS exam the next day, and Mr. Slattery hunting us down to wake us up.

Probably the most important thing we learned was how to work with each other and understand each other. Even when we got upset about ANYTHING, there was always that strong support. Especially from Tammy Ward (Copy Editor); she was always there for anyone. Then Ron . . . he always knew just what to say to cheer you up.

We had many great times (the clock picture) and many frustrating ones too, but the good always seems to block out the bad. Yearbook is exciting, interesting, and fun. Everyone should get involved! There is so much variety that anyone can find something they'd like to do.

We really hope the yearbook continues to grow and build a good reputation. Turners Falls High School deserves it!

Tammy Ward is always smiling.

Dianna Tidlund (Book Sales Manager), Mary Collette, Rebecca Moore (Typist), Sam Barnes (Advertising Manager), Shelly Gove, Gretchen Kovalsick, Scott Bruso (Sports Editor), Mrs. Scott, (Advisor) Ron Rowe (Layout Editor), Amy Gardner, Barb Pearson, Tammy Ward (Copy Editor), Kim Morin (Photography Editor), Jen Thomas (Editor-in-Chief), Torrey Scott (Business Manager).

This is not 4:47 P.M.!!!

Jen Thomas and Ron Rowe are wide awake!

Barb Pearson and Jen Thomas are fixing their hair for school.

Tara Boissonneault & Tammy Ward are taking a short break.

"We could keepworking for 24 more hours!"

"Take a picture of me while I'm working!"

A Colorful Collection

Each year, one of the long anticipated traditions of the senior class is to vote for the "Senior Superlatives." Winners of the superlatives are chosen by ballots distributed among the senior class.

Although there was only a limited number of superlatives awarded, each senior at Turners Falls High School is a superlative in his or her own way.

SCOTT SULDA leaves Curt remembrances of Village Furniture, Tim his sexy curls and G.H.F.T.S., Put the last of the crew to fulfill his life-long dream, Loutna a date with Ami, Bob his tooth and his mom at 3:00 in the morning, and Ritty a race on Lake Pleasant Rd.

JEN THOMAS leaves Scott winking, Amy O. numb, Tim to find another short friend, Jenni a dog without the name "Trouble," Kimmer in the woods, Julie playing Madam, Mrs. Neville lost without our class, Bim in Foodmart parking lot & some macaroni, and to my brother Warren, fun times at TFHS.

DI TIDLUND leaves Mr. Stone D and D's donuts, her socks to find new feet, and B.J. a spuds that can dance.

KYLE TOMPKINS leaves Jim, Shane, and Joe to face Hermittville alone, Mr. Slattery to confuse someone else, Mr. Knox an old tennis ball, the Albright Girls to follow in his steps, and many thanks to TFHS.

PAM TOWER leaves Joe to find a tube sock, Ronny to find a real color and someone else to mooch off from, Tammy a real Pinto, Beanie a huge hug, Ed a shot and disc, Kyle confused, and Jerry to find a real job.

JOE VanVALKENBURGH leaves Bree Gonzo, Bree and Jenn lost in G.C.C. parking lot, Jean confused, and Terry another year with Pam.

TIM WALSH leaves with Kimmer and an ice cube, Sauter on the floor, Put on his stairs, Shultz with a beve, Dob with the trashcan, Bruso at lunch at home, Jen some lifts, Marini a real boyfriend, Vince four years to get hooked, and Allen two weeks.

TAMMY WARD leaves Sirum enough green gum for college, Sue A., Lisa, Deb, and Michelle alone to steal Bob's car in track, Pam some new shoes for her horse, Mr. Slattery an air conditioner and a heater for his room, and Mr. Perkins some decaffeinated coffee.

HEIDI WHITE leaves Nicole and Jody at Andy's with Jake the Snake, Tavi waiting for the day she'll see Jay again, and Becky with Steve, but wanting Mike.

NICOLE WIDENER leaves Heidi trying to get into Cheers, Nicole S. with, hopefully, a signed diploma, Tavi on a man hunt, & Bill Doyle her shoes.

BONNIE JEAN WILLIAMS leaves her friends fun and enjoying school days, partying for the fun of it, Brock pink snaps, and Greenfield the yellow Fairmont and more fun times on the wildside!

SHELLIE WOODARD leaves Sharon robbed by # 4, Robyn something Swedish and a new sock, Beth a map and Lake Wyola, Tricia an alibi, and Christal at the temple with "the sign," a good lawyer, "Woody's list," tolerating her the next day, a quarter, and winning Road Kill.

MICHELLE WORDEN leaves Mike three years at TFHS, Tam and Sha in the puddle in G.F., and Linda with her Z.

PAUL ZILINSKI leaves homework and tests to those graduating behind him, and Tammy an "M."

As the sun set behind Turners Falls High School, a group of young and eager warriors ran out of the locker room awaiting their first game.

When the whistles blew, many bewildered faces turned to the coach for encouragement. Working hard to learn the rules and techniques of the game was more than a challenge to these girls. The team went down to a 9-0 loss but this was just the beginning.

Captains Barb Pearson, Jennifer Thomas, Gretchen Kovalsick, and Kim Slauenwhite, created a team out of these girls which acted together and learned to work as a unit. With fresh enthusiasm from their coach, Nancy Elmer, the team was eager to become a strong competitive force.

After playing all the teams in the league, the season was half-way through. Many of the games were big losses and much of the team was losing hope.

Mrs. Loomer started the last half of the season with a bang. Filling in two games as the coach, she told them they could win if they were willing to play harder than ever before. The team lost 3-0 improving from 9-0 and a new drive arose.

The offense took charge and scored four goals during the season. Jennifer Thomas had two goals and one assist while Tracy LaPointe scored another two. The defense shut down the opponent's offense limiting their goals. Barb Pearson, Gretchen Kovalsick, and outstanding goalie, Sue Avery, led the defense.

As the season ended, Turners had yet to win a game and with the rival Pioneer-Turners game approaching, much optimism was present among the members. After a hard-fought battle, the game ended in a tie. Turners controlled the game and with a goal called back and a missed penalty shot, there was nothing more the girls could do but live with a tie.

The finale of the season arrived when the team was voted most sportsman-like in Western Massachusetts by the officials, for their perseverance, hard work, and dedication to the game of field hockey.

Soccer

The 1987 soccer season lacked a week of preseason soccer camp due to an early opening of school. The team consisted of only eight players on the first day of practice and the future did not look good. The recruitment of players was top priority and nineteen players were in uniform opening day.

Despite all the setbacks and lack of experience the Indian booters posted the best record of their five year history, 5-11-2. The five wins came against Mahar Regional, two against Athol, Tech and Mohawk.

Mahar beat the Indians by a score of four to nill, but an ineligible player was discovered and the match was forfeited to Turners Falls. The first win against Athol was by a score of 3 to 2, goals by Sokratis Kopanou. Allen Atkins and B.J. Guerin helped insure this win. The second win came by a score of 3 to 1 with goals by John Asselin, Allen Atkins and B.J. Guerin. The "Mayor's Cup" was up for grabs and Turners came out the winner against the Tech, 2 to 0 with goals by Allen Atkins and John Asselin. How does a Turner's soccer player spell relief? R-E-V-E-N-G-E ! After a 2 to 1 loss against Mohawk with 26 seconds left. Turners wasn't going to let it happen again. They didn't, winning by a score of 4 to 0 with goals by John Asselin, Allen Atkins 2, and Tom Costigan.

Along with those wins there were many close games and ties. The two ties came against Tech and South Hadley. Tech 0-0 and South Hadley with the only goal by Allen Atkins assisted by John LaBelle. (Booster Day Pioneer 1, Turners 0)

Volleyball

This year's volleyball season was a very rewarding one. We had the privilege of having Mrs. Heselton coach Junior Varsity and assist the Varsity. We also had a Spanish exchange student, Maria Blanco, join our team.

We were undefeated during the season with an 18-0 record. We took the title of Western Mass. champs for the 2nd year in a row, in which Deb Partridge received the Most Valuable Player award. The team was led by Seniors Robyn Gerrish and tri-captains, Amy Ozdarski, Sharon Rivet, and Tammy Shearer. The other members of the team who were a great part of our success were Andrea Dobias, Jen Graves, Lisa Moore, Jackie Lemon, Deb Partridge, Cathy Smith, and Carrie Task. We then went on to the State Finals and were runners up. Our final record was 21-1.

Sharon Rivet, Amy Ozdarski, Tammy Shearer and Deb Partridge represented Turner's volleyball on the All-League Team.

The season was a long and hard one, but with the tremendous support of our coach, Rachel Blain, managers, Rebecca Moore, Sara Beaubien, and Jill Thayer, students, staff, and parents, our season ended with a great feeling of accomplishment.

The Junior Varsity squad also finished the year with a fantastic record of 17-1. Their only loss of the season was to Mahar. Key assets to the team were Carrie Task, Jen Graves, and Jackie Lemon.

Football

Recordwise, the 1987 season was one of disappointment and frustration for the Varsity Football Team at Turners Falls High School. This year's squad suffered several last minute losses and was plagued by injuries. However, led by captains, Rick Crofton, Bob Mosca, Erik Sauter, and Tim Walsh, the squad showed great determination and perseverance throughout the entire season. The young men worked diligently during the season to improve their skills, and battled tirelessly through every minute of their nine-game schedule. The student body and coaching staff greatly appreciate the efforts of these young men, and will especially miss the graduating seniors: Joe Bucci, Rick Crofton, Jon Dobosz, Scott Ewell, Scott Martineau, Bob Mosca, John Putala, Brad Richotte, Erik Sauter, Torrey Scott, and Tim Walsh.

The Junior Varsity team had better luck than the Varsity, finishing with a record of 2-5. Their two wins came from Frontier (3-0), and Athol (27-6). Nick Carme "The Toe" kicked the winning field goal in the Frontier game. Outstanding freshmen offensive tailback, George Emery, rushed for 263 yards in the Athol game and scored all four touchdowns. Emery's quick speed enabled him to lead the team in rushing. Wes Cady (quarterback) and Alex Urgiel (noseguard) also had a good season for the team.

It's Time To Grow Up

Junior year is tough. We finally realize that it's time to grow up. We're quickly heading toward adulthood and it's time to prove our worthiness.

We have to start worrying about doing well on PSAT'S and SAT'S. Our whole futures may depend on the scores we receive. To help obtain these good scores, some purchase an SAT prep book and study like crazy. Others just cross their fingers and hope for the best.

As well as all the written tests, we must prove ourselves in other areas. Many class members are attending driver's education at some time over the course of the year or are preparing to take their license test; others already have one. This is yet another step toward adulthood.

Still, along with all the worrying is a sense of accomplishment and relief. We're confident that we'll succeed as juniors and seniors, and we're incredibly relieved to escape from the title of "the sophomores."

Juniors' Favorites In '87

When a poll was taken on December 4, 1987 Dirty Dancing was one of the top movies at the box office and Patrick Swayze and Jennifer Grey were instant sensations. They were named by the juniors as their favorite actor and actress, respectively. The Running Man starring Arnold Schwartzenager was another favorite at the time, along with Lost Boys.

Favorite T.V. shows included Growing Pains, Alf, Cheers, and Moonlighting. Moonlighting stars Cybil Shepard and Bruce Willis were also mentioned often as favorites. Demi Moore was also in the running, just after her real-life wedding to Willis in late November.

The following percentages were also determined from the poll:

1. Have you taken Driver's Ed or do you plan to take it this year?
   77% yes 14%no 9% undecided
2. Will you have a car of your own this year?
   42% yes 37% no 21% undecided
3. Will you drive your parent's car?
   43% yes 43% no 14% undecided
4. Do you plan to go on the class trip as a senior (probably Disney World)?
   65% yes 15% no 20% undecided
5. Are you planning to attend the junior prom in May?
   68% yes 16% no 16% undecided
6. Are you caught up with your class dues?
   20% yes 65% no 5% no answer
7. Do you have a job?

Sophomores

Who would ever believe that last year's Freshmen, who were divided by various cliques, would unite to be one of the closest, most enthusiastic groups of students by their Sophomore year? Although no great goals were accomplished last year, this year's sophomores have transformed from a "do-nothing" class to a "do-everything" class. The Sophomores have put on many dances, and they even went through school committee to bring a soda and juice machine back to the school.

The Sophomores started their year off with a bang by taking 1st place with their "Circus Fun" float at Booster Day. The Sophomores credit much of their success to their class advisor, Mr. Dowgiert, and their president, Jen Nietsche. With everyone's cooperation and dedication, the Sophomores have many bright times to look forward to at T.F.H.S.

Freshmen

We're the Freshmen class. We're just beginning the long journey through the best times of our lives. We just came from the Middle School, a big step in our lives.

This year was our first Booster Day "experience." Our float depicting "Rice Krispies," was a miraculous piece of art. We had tons of fun making the float. Floatmaking was at Vinnie's house. Booster Day for us wouldn't have happened if it weren't for Vinnie's mom, Nancy Dobosz, and Sarah's mom, Carol Jenks.

Tracy Hanrahan elected as "Lady in Waiting," and Adrian Kuzontkoski as "Knight," represented our class during the festivities.

Our Booster Day really was a lot of fun. We had never been involved in one before, and we really didn't know what to expect; but we all had a good time. Next year we're going to try our hardest to win the Spirit Award. The freshmen class is becoming more and more spirited.

The high school band took first place in the Franklin County Fair, and many of the members are in the class of "91."

The first fund raiser we had proved to be very successful. Many of our parents made caramel and candy apples which were sold on a cold and rainy Thanksgiving day, during the game. We didn't win the game this year, but look forward to the next three.

As a class, we look forward to the oncoming years and becoming more involved in all sorts of activities.

Pam Tower, Kyle Tompkins, Scott Bruso, Tim Walsh, Ron Rowe, Al Atkins, Scott Darling, Kim Morin, Jackie Lemon, Wes Conger, Kris Lynch, Tammy Ward, Jen Thomas, Jenni Marini, Andrea Dobias, Amy Gardner, Kelly Emond, Jill Thayer, Cory Norwood, Pam Loveland, Amy Burek, Lisa Moore, Tonia Carey

The National Honor Society is an organization of thirty-two juniors and seniors who maintain an academic grade point average of 3.2 or better throughout the entire year. Students do not get inducted through their scholastic efforts alone, but leadership abilities are also important factors.

Elections for the officers were held in the beginning of the year, and Ron Rowe was elected as president. Jen Thomas was chosen for vice-president, Scott Bruso as treasurer, and Carrie Bouthillier as secretary. Inspired by our artistic president, one of the major activities the members participated in was making giant Christmas cards to be placed in all the nearby nursing homes.

The members of the National Honor Society would like to thank Mr. Stan Dobosz, for becoming our advisor. Through his efforts with the help of Jen Thomas, the school committee allowed special open campus privileges for senior members. These privileges were greatly appreciated.

Spanish Club

The Spanish Club is one of the most progressive clubs at TFHS. Through the efforts of five members from last year, the club has "recruited" more than ten new members. One of these is a Spanish Exchange Student, Maria Blanco. Maria, living with the Lemon's in Erving, has given the club a special insight into the customs, language, and everyday life of the Spanish-speaking people. The club is headed by Mrs. Smith, whose hard work is greatly appreciated. The members of the Spanish Club are trying to earn enough money to either have a Spanish/Mexican supper or to see a play. The Spanish Club is more than a club, however; the members help each other with Spanish homework and even the few members who are not studying Spanish now, are quickly learning simple phrases of the language.

J. Williams, Mrs. Smith, C. Lefebvre, K. Peletier, L. Lemon, M. Blanco, M.J. Zayac, K. Sak, S. Montgomery, S. Hubert, V. Lemon, M. Hubert, J. Lemon.

Peer Educators

Angela Smith, Gail Falcon, Jen McDonough, Amy Ozdarski, Karen Ziomek (Advisor) Tricia Pleasant, Tracy Lapointe, Tim Zwyna, Erica Aldrich, Dave Dobias, Julie Scopa.

This year's Peer Educators started out with training under the direction of Ruth Yanka, at the Franklin Medical Center. In their session they were educated in such areas as alcohol and drugs. They also learned of emotional problems that peers deal with everyday.

These caring students range from freshmen to seniors. They include Julie Scopa, Melanie Sloan, Erica Aldrich, Gail Falcon, Tracy Lapointe, Angela Smith, Tim Zywna, Jalina Hack, Heidi Weeks, Nancy Moore, and Tricia Pleasant. The seniors leaving the group are newcomer David Dobias and three-year veteran Amy Ozdarski. The person responsible for this group is their advisor Karen Ziomek.

In January of this year, the Peer Ed's put their training to use and taught at the Gill Elementary School. They hopefully will see more educating in the future.

As Schools Match Wits

Last year Mrs. Bergeron wanted to do something at Turners never before done. She wanted to have an "As Schools Match Wits" team. After some recruiting, Mrs. Bergeron gathered together a dedicated group of students who practice once every week. Besides practicing, the group also has mock matches with the faculty.

Despite the fact that the students haven't won one of the faculty matches yet, they haven't given up. The team will definitely appear on the show next year, and everyone is eagerly awaiting the big night.

Model Office

Model Office is a double-period class in which office procedures, typing and word processing skills, as well as grammar usage skills are taught through the use of textbooks and business simulations. The simulations acquaint the student with medical, executive, and legal office procedures, payroll, and resume writing. The students learn how to use dictaphones, reprographics media, and word processors. The majority of the work is done in class, and each student is responsible for planning their work so that their projects are completed in the time allowed. There are only thirteen students in the class, which enables each to interact with others on a personal basis. The students are allowed to leave personal belongings on their desks such as pictures, candy or other ornaments. This makes the classroom a very bright and friendly environment in which to complete work.

The skills which are acquired from this class allow the student to enter the workforce with knowledge of how an office operates. It is also a good start for students who wish to further their education in the business field.

Science - Fiction

The Science-Fiction & Fantasy Club is a recreational as well as educational organization. Modern movies and films as well as cult classics and various fantastical gaming sequences are presented at the afternoon meetings. Plans are made each year to attend at least one convention where, for a minimal entrance fee, members are able to see movies, well-known actors and Science-Fiction authors, and/or various Science-Fiction related exhibits.

Last November the group went to a Star Wars Convention at the Marriott Hotel; and the group has also seen together "Robocop" and "Aliens" during the summer. The group hopes to attend more conventions and see more movies in the future.

Computer Club

The Computer Club meets after school in the computer lab. The environment is informal, with no grades or other pressures. The atmosphere of freedom and flexibility gives students a chance to explore areas of individual interest; members spend the time actually using the Apple IIe micro-computers in any way they choose. Many students work on their own programs, but they are also given the option of using popular software packages such as Dazzle Draw, Mouse Paint, ChemLab, Appleworks, Print Shop, Operation Frog and Multiscribe. Regular Computer Club members this year include:

Marching Band

Drum Major- Shawn "Sarge" McCabe

The '87-'88 year has changed the reputation of the band forever. True, in the past we were bad. We knew it, and so did everyone else as they would gladly tell you. But times have changed.

At our first annual Summer Band Camp we decided to make this year different. (Needless to say, camp was "different" enough!) Camp left us with pride, skill and determination to make things happen for the band, and they did.

Mainly due to C Man's constant recruiting, we increased our size from a whimpy 15 member marching unit to a 60 member marching machine. We hit the fair parade with "vitality, vigor and vim," and came away with first place. Our morale sky rocketed, and we worked even harder.

Showmanship and crowd reaction became a big part of our halftime shows, so we sang and danced and let guys land on the field. The public began to notice us. People (besides parents) actually stayed to watch the show, and our praises could be heard around town and even at school.

We went to Boston to march (and drown) in the Bicentennial Constitutional parade, and participated in two St. Patrick's Day parades, one of which was televised.

Through our fund raising efforts (many pennies) and the generosity of the School Committee (thanks, Mr. Morrison), our budget increased and led to new purchases. New uniforms and refinished drums helped improve our superficial image, as well as the image we had of ourselves.

There's no stopping us now, we're only gettin' better every day!

Eyes . . . with pride.

"A #1 team!!"

For the first time in T.F.H.S. history there was a winter track team this year. Much credit is given to Mr. Avery and Mr. Findlay for getting the team approved by the school committee and for their long hours of coaching before school, after school, and many weekends. A total of twenty girls and boys came out for the team. Although many of the athletes were veterans from the spring track season, the new sport also attracted many newcomers.

The whole team has improved tremendously from the pre-season training, and the members also got to compete with some of the best athletes in the state. Weekend meets were held at Harvard, Boston University, M.I.T., Smith College, and U-Mass. Three athletes from the team qualified for the State Class Meet at Harvard and two of the competitors went even further to qualify for the All-State meet at M.I.T. Joe Bucci finished eighth in the 300m run at the State Class Meet. Sue Avery and Tina Cominoli finished fourth and fifth respectively in the fifty meter hurdles, which enabled them to qualify for the All-State Meet. Tom Urban, Kelli Moore, Nicki Lafleur, and Tracy Campbell made tremendous gains in technique and strength for the shot put. Tom Costigan also ran well in the sprinting events. Tammy Ward, Lisa Moore, Michelle Hammock, Dave Dobias, and Craig Bodenstein also had personal bests and set school records in the distant events. At times participants from other winter sports moonlighted on the track team. The team was also very pleased with the efforts from our dear friend from Spain, Maria Blanco. Now everyone is more excited for the spring track season to begin.

Sue Avery ... DETERMINATION!

Boy's Swimming

Last year the boys went undefeated at 13-0 and lost three important seniors to graduation. At that point the near future looked dim, but with a lot of recruiting, we brought ourselves back to the top. With tremendous dedication, the boys were able to swim to a 10-1-1 division title and a 12-1-1 overall record. Western Mass participants were captain Scott Bruso, Wes Conger, Torrey Scott, George Croteau, Shane Bush, and Randy Rushford.

The team is losing six seniors to graduation, but they will have experienced veterans returning next year. Thanks to Mr. Snapp and newcomer Mr. Kiley for their coaching and support. Thanks to the high school for your support over the years, and good luck to the future teams.

Girls Swimming

The Girls' Swim Team had a small but enthusiastic line-up of thirteen. They faced some tough competition but with a lot of hard work and giving each other a lot of moral support, times got faster and they finished with a record of 6-6 in their division and 7-7 overall.

Newcomers to the team were Shelly Gove, Piper Schwarz, Nicole Sawkiw, Renee Swift, and Tavi Sterling. Returning veterans were seniors Kim Morin, Barb Pearson, and Sandy Markol in the free-styles, and Jen Thomas in the fly. Others were Deb Bogue and Neysa Pelletier in the backstroke, Lisa Richotte in the 500 yd. free, and Gail Falcon in the fly.

Representing the team at Western Mass were captain, Kim Morin winning the 50 yd. and placing second in the 100 yd. freestyle; Deb Bogue swam to twelfth in the 100 yd. backstroke; and the 4 x 100 yd. relay team of Bogue, Markol, Pearson, and Morin also placed twelfth.

Boys' Basketball

Although in the 86-87 season the team went winless, it took only two games into the season to pick up a win. The victory came against Hampshire Regional. Despite the fact that the team worked extremely hard in practice, it wasn't until Athol came to town before another was managed. In the game Bob Mosca threw in a three pointer with only three seconds left for a one point victory. Even though the Indians didn't come up with another win during the season, they certainly gave some of the top teams in the league a scare. Many heartbreaking losses came right down to the wire in the last period.

The team cast their votes to decide who were the top players on the team, and many of the results ended in ties. Gorge Carner and Art Ackerman were both chosen for Top Defensive players, and Carner and John Putala also tied for Most Improved Player. Jason Dobosz ran away with the Rookie of the Year award, and Bob Mosca was selcted as the Top Offensive Player and M.V.P., Scott Martineau also had many fine performances as the proverbial "Chairman of the Boards."

Mr. Gary Lambert deserves a very special thank you for dedicating five years of hard work to Coach Turners' Boys basketball; as he has now decided to take a year off. Many thanks are also given to Mr. Gary Mullins for his many years of coaching.

Girls' Basketball

This '87-'88 season was a new beginning for our team. With a new coach for the team the whole club changed. There were many changes, new ideas and methods. It was difficult at first, but because we cared and tried, we were finally able to pull together and work as a team. Even though this may not have been our best season statistically, we scored high in developing a team that will continue to grow in the years to come. The team finished the season with an 8-10 record, giving 110% each game. Turners displayed their greatest vigor and determination during their heartbreaking loss to Hopkins and their overtime victory with Smith.

Sue Sirum was a key offensive player for the Indians, and guards Tara Boissonneault and Deb Partridge were dominating defensive machines. Heidi White was also a key rebounder. The Junior Varsity squad finished with a 6-12 record.

Kimmer Slauenwhite and Barb Pearson wrap presents for the successful Adopt-A-Family program.

The Student Council is becoming a major force in the school — organizing many projects for the communities, benefit fundraisers for the council and school itself, and just activities for the student body to enjoy and participate in.

The first major project was called Adopt-A-Family. The student body "adopted" several families at Christmas time, who were less fortunate and couldn't afford to have anything special. For the second year in a row the program was a success and T.F.H.S. provided these families with many great gifts and foods.

Booster Day was also a success. We were able to put on a good supper for the football team and then possibly the best rally Turners Falls has ever seen. The parade was exciting as usual with floats and the Booster Day King and Queen. The students supported the team at the football game all the way to the end. Then the dance came that night and even after suffering a loss, many people attended the dance and had a great time.

Throughout Christmas the Student Council thought it was about time to show the faculty just how much we appreciated them, and each person had their own Secret Santa. At the end of the week the teachers received special awards from the Secret Santa and at that time they had to guess who it was. Many teachers joined in the Christmas spirit by giving gifts to the students also. Many relations between staff and students became much more friendly and open.

There are many other functions and projects of the Student Council, and they are always looking for more!

We admire your energy, enthusiasm, and hard work . . . we appreciate the special contributions you will make in the future!

In the last few years, you've worked hard, faced some very complex issues and made some difficult decisions. You've grown in so many ways to meet these challenges.

Now, with the education and maturity you've gained, you're ready to take on new challenges and strive to be the best in everything you do. We're proud of you!

Congratulations to the Turners Falls High School Class of '88 . . . a "class of a different color" that will brighten our world!

From *THE PROPHET*:
Your children are not your children.
They are the sons and daughters of Life's
longing for itself.
They come through you but not from you.
And though they are with you yet
they belong not to you.
You may give them your love but not your thoughts,
For they have their own thoughts.
You may house their bodies but not their souls,
For their souls dwell in the house of tomorrow,
which you can not visit,
not even in your dreams.
You may strive to be like them,
but seek not to make them like you.
For life goes not backward nor tarries with yesterday.
To all your Tomorrows!!!
Love from Mom and Dad

Thank you Piper for the challenge. You've really kept us moving while trying to catch up! Just remember, continue to be your own person, you've got a good start, don't change a thing.

Love,
Mom & Dad

Congratulations, Torrey

There's no way that you can know,
How great it's been for us.
We've watched you play, and
fight, and grow,
And generally create a fuss.
From little boy with golden hair,
Asleep upon the swing,
To graduate, with manly air,
Diploma under wing.
Now it's time for you to go.
To make the world your own.
Just remember who you are,
and that home is always home.

Love,
Mom and Dad

To Tracy —

A wonderful and

caring daughter

A special message

You were a very joyful baby and very happy to be around. This has carried through all your growing up years. You are a thoughtful and understanding person. May all these attributes stay with you always.

Much love,
Mom and Dad

Tam

We finally made it! Don't forget all the good times we have shared. I'm sure we will have many more memories in the future. You're a great person and my very best friend! I know we will remain close after graduation. It's going to be great!
Good luck after graduation and with Jeff. You deserve it.
I love ya!

Wen

Traci — Thanx for putting up with me (especially 10/10/86 to 4/11/87). Baby shrimp and rootbeer??? Jenny — you still owe me a flashlight! Sorry about your b.t.!! Andy — Big, big bunches forever!!! Lis — maybe someday they'll change their minds. Tennis?? Scotti — thanx for all the black & blues and for always being a friend.
Love,

Sam

THANK YOU

The Class Of 1988 would sincerely like to thank all those who placed an advertisement in our yearbook. We are grateful for your support and confidence in us. We are very proud of our yearbook. We hope you will continue to support future classes at Turners Falls High School.

THE SENIORS

Brad,

I bet you never thought you'd make it this far! Well you did, and that's all that matters. Good luck in the Marines! It'll be hard work, but I know you can do it! Too bad you'll have to cut off your curls. I'm glad we became so close in so little time. Thanks for being there. Keep in touch.

Love always, Kathi

To Pipe

Best of luck after graduation. Keep in touch! You're a great friend.

Love ya.
Wendy and
Tammy

Wendy,

We finally made it after all these years. We made it through grade school not liking each other, and became best friends in 7th grade. I'm glad that we've made it this far. I know it will always be that way no matter how far away in distance we get from one another. You will always be my very best friend, and I love you.

Tammy
